ABOUT US

Delta is an equipment lease and finance company established by a team of military veterans and seasoned industry professionals who possess a strong track record and network in both equipment finance and supplier diversity. Our overarching objective is to deliver sustained cost transformation to our clients by helping their organization navigate the ever-increasing complexity of asset optimization. We help develop asset stewardship, through experience and collaboration, to tie your asset strategy to your business strategy.

CORE COMPETENCIES

Delta's Executive Team, drawing on over 250 years of industry specific experience, is poised to be the market leader within the equipment leasing supplier diversity space. We are experts in:

- ✓ Structuring simple and complex equipment lease and finance solutions
- ✓ Physical Asset Management (PAM) strategy development
- ✓ The industries we serve, the types of assets as well as their application within those industries
- ✓ Developing programs that address the budgetary and operational needs of our clients
- ✓ Identifying problems before they occur and proactively pivoting to accommodate the needs of our customers throughout the term of the lease
- ✓ Originating and servicing Fair Market Value (FMV) operating leases for enterprise-level business critical equipment across specific industries and asset classes

We have deep-rooted industry, manufacturer and dealer relationships. This well-established network keeps us well connected to market fluctuations, technical issues, and proposed/pending governmental mandates that may adversely affect our client's equipment.
